## An Appeal to all Telephone Users

The "FLU" has caused a serious shortage in our operating force.

At the same time the volume of telephone calls has greatly increased, so that the burden on the girls still at work is very heavy.

Will you please keep these facts in mind, and use your telephone only when absolutely necessary. You will thus be helping to keep the service equal to the urgent needs of the community in the present emergency.

The Bell Telephone Company of Canada

to show what since they are on the Government hangs on because afraid to let go. The time has e when the Liberal supporters of Government must make their te. They must either return to come when the Laueras supposed the Government must make their choice. They must either return to the Liberal fold or they must make up their mind that the light will no longer be seen in the window for them.

## THE ASYLUM INVESTIGATION

THE ASYLUM INVESTIGATION

The investigation into the charges made against the Hamilton Asylum has been completed, and although the itestimory has not been made point, when the investigation, has said that it would do good. Nothing wrong has been prof. against any look of the investigation, has said that it would do good. Nothing wrong has been prof. against any look of the investigation, has said that it would do good. Nothing wrong has been prof. against any look of the investigation has all that it would do good. Nothing the work of the investigation of the investigat the Government been more lib-in the matter of remueration. judge may not have touched on question, yet we think that in acanty remuneration was to be and the cause of the shortage in adants or in their fitness for the

attendants or in their fitness for the position.

But if these statements and surmises be correct, was there or responsibility resting on the officials? If there were shaces and bad (restainess of patients, where so that the patients of the statement of the sta

that the settler of the reclaimed area can from the first devote all the energies to production whereas the settler on the wife areas cannot do much as a cannot do much as a cannot do much as a cannot cannot be a caller in the way of the amenities of life to be had by living in a settled and developed community.

### EDITORIAL NOTES.

We are now told that the wearing of rubbers is a preventive of the flu. We know that lenky rubbers is a promoter of colds and lung trouble.

One of the things we were assured of while the war was in progress was that the Turk would be banished from Constantinopie. But it was only a

The American Legion is also after more money; it is asking for bon-more at 800 for each month a maserred. That is a little different from the Canadian claim.

Toronto wholesalers estimate that the coat of living has advanced from 10 to 10 per cent. since the first of January, and is due for further advances in the near future. We ought to reach the peak load pretty soon.

Members of Parliament are now talking of asking an increase in their indomnity from \$2.500 to \$4,000. We might economize by cutting down the number to say one-half the present membership. There are too many legislators.

The Union Government has at last decided to take the plungs. Three federal by-elections will be held april 7th. They are Tamiskaming. Ont., Kamouraska, Que., and the St. James Division of Montreal East Eigin will not be opened just yet.

The greater part of the normal trade of the island of Jamaica is carried on with the United States. In 2018 the bulk of the exports, however, were shipped to United Kingdom, making a better showing than usual for that country. The returns of total trade with principal countries were: United Kingdom. £1,080,025: the United States, £2,060,107: Canada, £706,715. And With United States, £2,060,107: Canada, £706,715. The trade with Canada, though States, £2,060,107: Canada, £706,715. The trade with Canada, though States and With Canada, though States and With Canada, though States and With Canada though The greater part of the normal

A Manchester letter says that "A diversity of opinion exists umong importers in this disity to compete with British manufac-turers of Jam in the near future. Some are of the opinion that British jam will be produced just cheap enough to undersell the imported article, particularly if the present controlled prices are maintained. Others are of the opinion that even if home-made unpublic are observed the openative. the opinion that even if home-made supplies are cheaper, the quantities will be insufficient to meet the de-mand; so that if Canadians get under the controlled prices, there should be opportunities for sales in the latter
